About City Deal

City Deal is a once in a lifetime opportunity to transform the area for us all and future generations. Thanks to a £430m cash injection, City Deal will help grow the local economy at an unprecedented rate over the next ten years, providing more jobs and homes and improved travelling times for those living or working here, as well as improving our towns and villages.

It is an exciting time for the area and one that will put Preston and South Ribble firmly on the map for all the right reasons.

City Deal is a ten year partnership project between Preston City Council, South Ribble Borough Council, Lancashire County Council, Lancashire Enterprise Partnership, central government and the Homes and Communities Agency.

- 23 Salmesbury Enterprise Zone

What it means for this area

Creating new communities

New homes will be built to help meet local demand as well as an option for newcomers to the area, and new schools and health facilities provided to match the local growth. New housing developments are planned for Wesley Street Mill, Brindle Road, School Lane (former Arla Foods) and Coupe Foundry. The centre of Bamber Bridge will see big improvements which could include new footpaths, car parking, contemporary street furniture and landscaping. There will be a huge investment in the area, improving the quality of the place where you shop, socialise, work or live.

Providing job opportunities

Having a job near to where you live is important to many people, and City Deal will help create new jobs in the area to reduce the number of local people having to commute to other cities to earn a wage. Having a shorter travel time to work with improved connectivity also help everyone's quality of life. As part of City Deal a number of employment sites have been identified, including over 12,000 square metres of commercial floor space planned for the South Rings site which will help generate more jobs for the area.
