

Better Together...

Let your voice be heard in shaping South Ribble's future

@SouthRibblePartnership

@srpartnership

South Ribble Partnership brings together people from across the public sector, businesses and voluntary and community organisations aiming to deliver better services in South Ribble, based on what local people want.

Let your voice be heard!

We want to hear from you about what you think about living and/or working in South Ribble and what ideas you have to make South Ribble even better! Your ideas and opinions will be used to shape the Borough's 'Community Strategy,' which is a document setting out how many of the different services, voluntary and community groups, businesses and 'you' as the community will come together to make things even better.

What this means is that organisations like the Council will use the Community Strategy to help develop their own services and plans over the coming years.

The survey will remain open until September 14th and your responses will remain strictly anonymous.

If you require this survey in any other format or additional assistance completing it please contact us using the details below:
