

CV Writing and Essential Interview Techniques

Learn how to create a good CV and pick up essential interview techniques with UDevelop.

**Friday 17th November - Friday 8th December from 1:30pm – 4:00pm
at Leyland Library**

You will learn about all aspects of the CV process and will be able to create and produce your own CV. You will also be taken through the journey from when you are asked to attend interviews and the process up to the interview and beyond. The workshops will look at the processes and things to remember for each learner in a fun and interesting way.

These sessions are engaging and interactive and can give you some of the more transferable skills for personal and career development. You will leave the course feeling more confident, empowered, motivated and will be prepared for the journey towards employment or training.
