

ROB MCFADDEN

Aerospace Software Engineering Degree Apprenticeship with BAE Systems

Rob McFadden opted to go down the Degree Apprenticeship route with BAE Systems after completing a BTEC Level 3 Extended Diploma in Engineering at Runshaw College.

"BAE Systems offers two Degree Apprenticeships; the first one which I am undertaking is an Aerospace Software Engineering apprenticeship. This is a four-year programme with two days studying at the University of Central Lancashire and three days in eight-month placements at Warton and Samlesbury."

DEGREE APPRENTICESHIPS INFORMATION FOR EMPLOYERS

Developing the talent of the future - together

Combining a blend of technical knowledge, on the job experience and business skills, Degree Apprenticeships are a great way for you to nurture your existing talent or offer as an opportunity to attract new staff, allowing them to access Foundation and Honours degrees with fees part-paid by the Government.

Make the most of your Apprenticeship Levy

Find out the facts to see how your business can benefit – either by upskilling your workforce or attracting new apprentices to help your business grow.

Come and speak to us to discuss your needs and let us help you identify the best way you can use your levy, upskill your staff and develop your organisation. Together we can develop a provision designed for you based on our existing courses, or we can tailor a programme specifically for you.

Get the best people for your business

Sponsoring a Degree Apprentice makes sense for your business. You'll gain a highly-skilled employee with both the academic qualifications and the relevant practical skills that will enhance your workforce. By working for your company,

a Degree Apprentice will develop an in-depth understanding of the sector and your business and by studying part-time at UCLan they'll bring a fresh perspective and up-to-date knowledge to their job.

Benefits of sponsoring a Degree Apprentice:

- Enhance your workforce
- Fill the skills gap
- Gain a competitive edge
- Access funding
- Gain employees with tailored skills and knowledge
- Grow your business
- Upskill existing staff
- Increase productivity
- Attract premium staff

Demonstrate your commitment to investing in people and instilling your values and ethos from the outset.

About the University of Central Lancashire (UCLan)

The University of Central Lancashire (UCLan) has developed a reputation as an institution that innovates, evolving its course portfolio to over 500 undergraduate programmes and 180 postgraduate courses, offering expertise across most disciplines. In 2016 the Centre for World University Rankings placed UCLan in the top 3.7 percent of all worldwide universities, highlighting the progress the institution has made in providing students with real-world learning experiences and reflecting the institution's broad pool of academic talent. UCLan's standing as an institution with a world-class academic reputation firmly rooted in modern-day relevance provides the perfect platform for developing Degree Apprenticeships.

We offer expertise and are developing our portfolio across a range of areas:

- Construction
- Engineering
- Healthcare
- IT and Digital
- HR and Administration
- Management
- Policing
- Social Care
- Sport
- Teaching

Current UCLan Degree Apprenticeships include:

- FdSc Aerospace Software Engineer
- FdSc Healthcare Assistant Practitioner
- BSc Quantity Surveying
- NEW: BA (Hons) Business Management (Chartered Manager Degree Apprenticeship)
